WORK EXPERIENCE

WEBSITE DEVELOPER

BizNexus Global

- Designed, developed, and maintained responsive websites using modern web technologies. Ensured user-friendly interfaces, optimized performance, and implemented client requests to enhance functionality and visual appeal.

VIRTUAL ASSISTANT INTERN

MEG Strategy Digital Bytes

- Provided administrative and digital support, including managing schedules, organizing files, and assisting with online research and communication tasks. Helped improve workflow efficiency and supported day-to-day operations.

QUALITY ASSURANCE

Cyware Inc.

- As a QA, I helped with web and mobile testing of a project before deployment, documentation of logs and feedback for the testing, and data validation of each output of on-going/deployed projects.
